Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Friday 14 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain approaching from the west, followed by some showers.

This Evening and Tonight:
Any remaining showers clear this evening, leaving largely dry conditions throughout. However, widespread rain approaches from the west, reaching Cornwall by evening, affecting most of the region into the night. Some heavy showers follow the rain in the early hours. Minimum temperature 8 deg C (46 deg F).

Saturday:
Rain in easternmost areas initially, with showers building from the west. These showers turning frequent across the region through the day, heavy at times and possibly thundery. Remaining breezy. Maximum temperature 15 deg C (59 deg F).

Outlook for Sunday to Tuesday:
Remaining unsettled, with showers and sunny spells through this period. Sunday seeing the heaviest showers, with a risk of thunder. Drier on Monday and Tuesday, with less frequent showers.
